PERFORMANCE PARAMETERS	
Overall dimensions	2700*750*1985mm
Machine weight	1100kg
Bucket capacity	0.02m³
Engine model	D722-E4B-C BH-1
Displacement	0.719L(cc)
Output power	10.2/2500KW/rpm
Slewing speed	11r/min
Travel speed	2km/h
Swing angle	56/55°
Gradability	58(30)%（°）
Average ground pressure	20kpa
Bucket digging force	6.5kn
Fuel tank capacity	11.8L

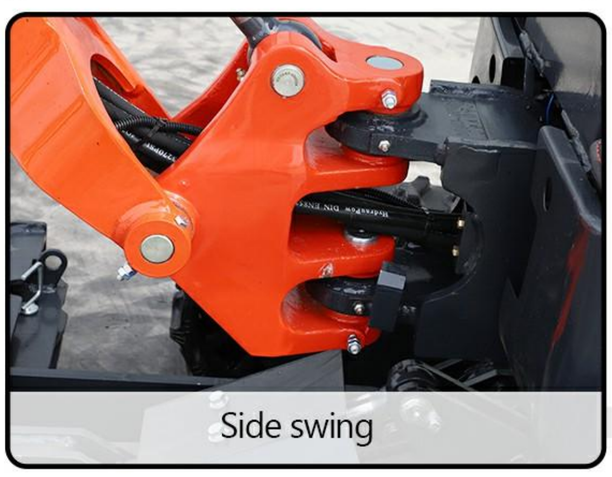

SCOPE OF WORK	
Maximum digging height	2775mm
Maximum dumping height	1835mm
Maximum digging depth	1670mm
Maximum vertical digging depth	1300mm
Maximum digging radius	3075mm
Maximum ground digging radius	3035mm
Minimum front rotation radius	1410mm
Center of rotation to end of crawler track	650mm
Dozer blade width	950/750mm
Dozer blade height	216mm
Maximum dozer height	115mm
Maximum dozer depth	238mm

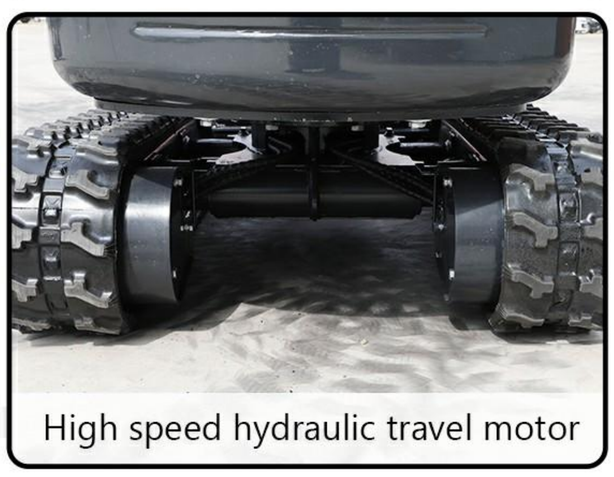

Retractable chassis

Flexible operating handle

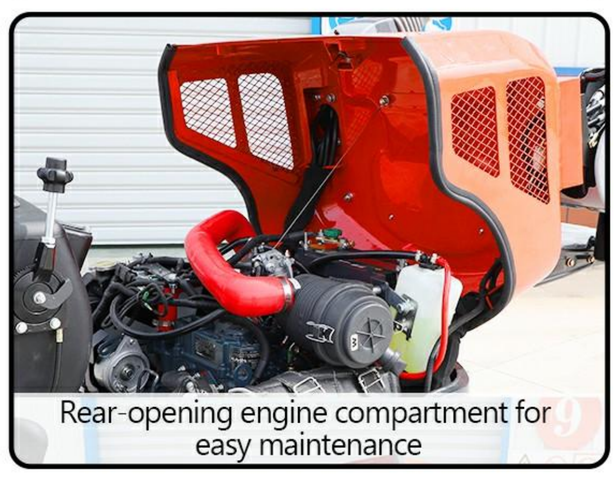

Robotic welding

Made of high-strength cast steel

Side swing

High speed hydraulic travel motor

Brand Engine

Rear-opening engine compartment for easy maintenance
